

Dear Parents and Carers,

Next half term we will be learning about life in the Victorian era. We are very excited about our trip to Manor Farm (on Tuesday 26<sup>th</sup> February) to experience what Victorian children's lives were like. To help the children begin to build up some basic ideas about how children's lives have changed over time, please could you encourage your child to talk to relatives or friends of different ages to find out what their school days were like? We hope to put together a school life timeline using your super research, as well as what we discover about Victorian schools, and what we know about being at school now. Any photographs or artefacts which you would be able to bring in would be greatly appreciated and carefully looked after! Your research can be presented in any format you wish: pictures, writing, typing, collections of artefacts or photographs etc! Don't forget the internet has a wealth of information that you can look through together too.

Please bring your home learning in on Friday 1<sup>st</sup> March, as we will be using it in lesson time on that day.

Have fun researching together!  
The Year 1 Team

Dear Parents and Carers,
