

Year 2 Maths Home Learning

Spring 2

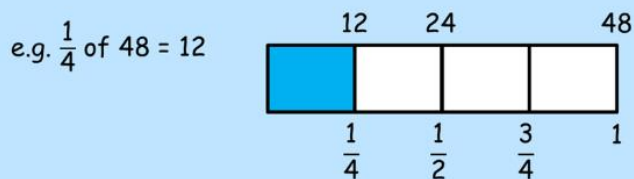

Our focus this half term is:

- To be able to double and halve numbers.
- To be able to find a half and a quarter of numbers.

Finding $\frac{1}{2}$ of an amount is the same as dividing that amount by 2.

Once you have found $\frac{1}{2}$, you can easily find $\frac{1}{4}$ by halving again.

Please feel free to share what your child has done. They can share to the class or bring in their work.

If you need any support, your child's teacher will be happy to help.

Online

Don't forget, your child has access to:

There are other games online too.
