At Shirley Infant we are committed to providing an environment that enables full access and participation in the school community for all pupils, staff and visitors with a disability, regardless of their physical, sensory, social, spiritual, emotional and cultural needs.

We have high expectations of all pupils. We are committed to taking positive action in light of the Equality Act, 2010 with regard to disability. We are a very inclusive school and are eager to promote a culture of support and awareness within the school.

The Equality Act, 2010, defines disability as when a person has a 'physical or mental impairment which has a substantial and long term effect on that person's ability to carry out normal day to day activities'.

At Shirley Infant:-

- We will continue to make reasonable adjustments to avoid disabled people being placed at a disadvantage
- We recognise the need to make changes to our practices to ensure, as far as is reasonably possible, that a disabled person can benefit from what we offer to the same extent as a person without a disability
- We recognise the need to treat a disabled person more favourably in order to ensure that they are able to access what we offer to the same extent as a person without a disability
- We do not discriminate against a disabled pupil, with regard to admissions, simply because that pupil is disabled and this is reflected in our Admissions Policy
- We will provide auxiliary aids or services for a disabled pupil, when it is reasonable to do so, to ensure that the pupil is not at a disadvantage in comparison to a non-disabled pupil. Jefferys Education Partnership has drawn up an accessibility plan, which is available on request and which has the following main aims:-
 - \circ $\,$ $\,$ To increase the extent to which disabled pupils can participate in the curriculum
 - To improve the physical environment of the school to enable disabled pupils to take better advantage of education, facilities and services provided
 - To improve the availability of accessible information to disabled pupils

In order to formulate our accessibility plan, we take account of;

- The future intake (advanced information from pre-school settings and the LA)

- Staff knowledge and skills of needs of disabled pupils
- School policies and practices e.g. related to the administration of medicines, time-tabling, anti-bullying policy, school visits and teaching and learning
- The physical environment of the school
- The curriculum
- How information is provided for disabled pupils
- Outcomes for disabled pupils including end of key stage results and achievements in extracurricular activities
