We will provide you with a contact sheet / password card with your online credentials to your personal gallery. Once you have them, use the search bar to write the given URL -www.snappersphotography.co.uk (type it in the search bar - not google) and enter your access code on the login page. Once logged in, select and order your favourite photos.

The Photos can take up-to 5 working days before they are available to view online.

If you register your details we will email you when the photos are ready to purchase.

Kind Regards,
