Molly knows everything about space. All the planets and their moons; even the number of Saturn's rings. EVERYTHING!

Molly is definitely, absolutely going to be an astronaut when she grows up.

But when, one wintry night, Molly meets a visitor from outer space she realises she still has a lot to learn about looking after our very own planet, Earth.

'Zoom!' is a new play for children aged 3-8 years with music, songs and puppetry. A gentle introduction for young children into ways they can help to protect their environment.

The Stage - My BIG Little Sister

"The young audience were delighted"
Brighton Argus - Great Gran's Great Games
