

## What I already know...

I can observe changes that happen. (Bean diary)

I have talked about results from simple experiments.

I know how to record results in a simple table (Little Red Riding Hood experiment).

# We are Scientists!

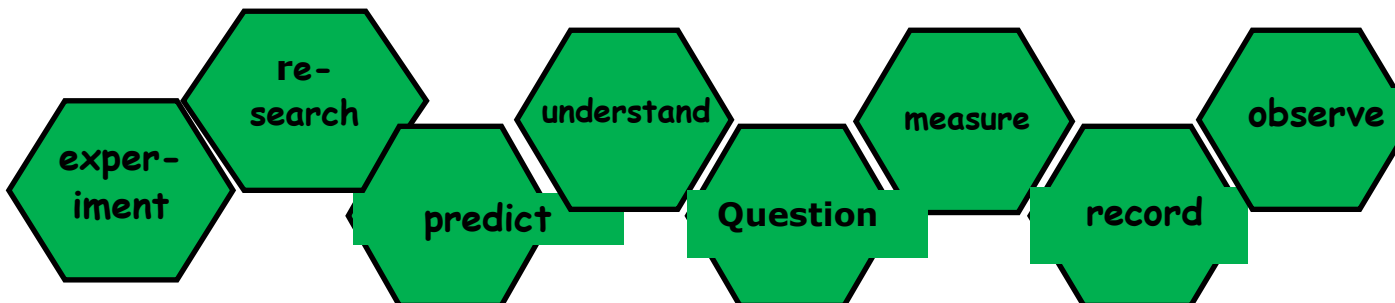

Children will have lots of opportunities to explore a variety of experiments to develop their working scientifically skills. They will learn to plan a simple experiment, think about how to make a fair test, observe changes, record results and discuss/ write up findings clearly.

## I will learn...

- ⇒ To ask relevant questions
- ⇒ To use equipment effectively
- ⇒ To record using measurements
- ⇒ How to suggest ideas for an investigation
- ⇒ How to record my findings in a table or a bar chart (2Simple program)
- ⇒ To explain my results clearly.

## Key Vocabulary

## Learning values

Curiosity Cubert
