

Year R Maths Home Learning

Spring 1

Our focus this half term is:

- To be able to know **one more** than numbers to 20.
- To be able to know **one less** than numbers to 20.
- To consolidate teen numbers and recognise them.

You could start by telling stories e.g.

There were 4 frogs in the pond, the one more came. How many frogs are there now?

You could use objects and pictures to help.

Please feel free to share what your child has done, fill in a wow moment for your child's teacher to share or bring in their work.

If you need any support, your child's teacher will be happy to help.

Card games

Say a number. Can they point to the number which is one more or one less?

Match pairs of numbers to show one more or one less.

Online

Don't forget, your child has access to:

There are other games online too.
