

Celebrating our Achievements!

Friday 27th November 2020

Dear Parents and Carers,

At Shirley Infant School we value the input you have as parents and guardians to our children's learning and development. We recognise the importance of the learning that takes place outside school hours, through the different interests and hobbies that children enjoy and love to hear about the broad range of successes and accomplishments they make on a day to day basis.

Wow Moment!

Name:

Date:

So that we don't miss the important steps forward that each child makes, and so that we can more fully reflect the children's development throughout their Reception Year, we would like to invite you to fill in a **Wow Moment** to record anything you feel proud of throughout the term. We like to hear about all things such as staying in their own bed all night, participating in a family celebration to writing or number work at home, or learning a brand new skill!

We will give you a focus related to our current work for your Wow moments but if anything else really spectacular happen don't hesitate to tell us!

The first focus we would love you to look for is any **reliable counting of actions or objects, number recognition in the environment or writing of numbers.**

Wow moments will be available on google classrooms, teachers will check here regularly and celebrate the wow moments with the whole class.

We look forward to hearing about all the spectacular things the children do away from school.

Thank you for your continued support,

The Year R Team
