

Remote Learning Policy

For the purpose of school closure and non-attendance due to isolation or medical restrictions

Prepared By:Name: Russell SlatfordApproved By:Name: Managed ServicesDate:Start Date:September 23Review Date:September 24September 24

Aims

- To ensure there is a planned approach to remote learning during full and partial school closures
- To ensure there is a planned approach for any 1:1 remote learning
- To set out expectations of staff providing remote learning
- To set out expectations of children and parents receiving remote learning
- To provide appropriate safeguarding and data protection guidelines

Context

Remote learning can be an effective tool for pupils unable to attend school due to long term sickness or medical conditions that prevent children from attending school. In exceptional cases, it can also support the reintegration of those pupils whose attendance needs to increase. In the case of school closure, remote education ensures the continuity of learning is not disturbed. Where remote learning is used, the following principles will apply:

- The remote education provided should be equivalent in length to the core teaching pupils would receive in school and will include **both** recorded or live direct teaching time, **and** time for pupils to complete tasks and assignments independently
- The amount of remote education provided should be, as a minimum:
 - EYFS : parents and carers to judge based on their littles ones
 - \circ $\,$ Key Stage 1: 3 hours a day on average across the cohort, with less for younger children
 - Key Stage 2: 4 hours a day
 - Key Stages 3 and 4: 5 hours a day
- When planning and delivering remote education:
 - teach a planned and well-sequenced curriculum so that knowledge and skills are built incrementally, with a good level of clarity about what is intended to be taught and practised in each subject so that pupils can progress through the school's curriculum
 - select a digital platform for remote education provision that will be used consistently across the school in order to allow interaction, assessment and feedback and make sure staff are trained and confident in its use
- Overcome barriers to digital access for pupils by:
 - o distributing school-owned laptops accompanied by a user agreement or contract
 - providing printed resources, such as textbooks and workbooks, to structure learning, supplemented with other forms of communication to keep pupils on track or answer questions about work.
- Have systems for checking, daily, whether pupils are engaging with their work, and work with families to rapidly identify effective solutions where engagement is a concern
- For those children who are not well enough to access a full curriculum at home, schools should work in coproduction with parents and the child to ensure an appropriate offer is in place. Where possible, the teaching of basic skills in reading, writing and maths should take priority. This offer should be reviewed regularly
- Identify a named senior leader with overarching responsibility for the quality and delivery of remote education, including that provision meets expectations for remote education
- Publish information for pupils, parents and carers about their remote education provision on the website

Hamwic Trust Expectations

In addition to the above guidelines, the Hamwic Trust Executive have set the expectation that:

- Where recorded lessons are being used from externals sources, such as the Hamwic Online YouTube site, Oak Academy or the BBC teaching programme, schools will ensure there is at least one recorded or live input from a teacher in the child's year group daily. For example:
 - \circ a welcome at the beginning of the day to set out what the learning will be
 - a class/year group assembly
 - o a class/year group story
- Vulnerable children receiving remote learning will be contacted at least twice a week to check on their progress and wellbeing
- All children will receive a personal contact from a member of the school staff at least once a fortnight.

Task	Expectation	Responsibility
Planning and	Lessons to be provided each day:	Allocated year
setting remote	Phonics 30 minutes	group teacher
learning	 English 45 minutes 	
	Maths 45 minutes	
	 Daily reading practice 	
	Daily storytime	
	 Wider curriculum project 1 hour 	
	Weekly music 1 hour	
Recording and	• Lessons will be on the learning platform by 8:45 am on the	Allocated teacher
uploading remote	day of use.	
learning	• Learning will be uploaded onto the year group section of	
	the Google Classroom platform	
Live lessons and	Adults will deliver lessons in a setting with a neutral	Teacher TA
1:1 lessons	background	
	• Teacher will ask children to join with cameras on and	
	unmuted	
	• For primary children, an adult at home will be asked to be	
	present while the child joins lessons and until the teacher	
	acknowledges the parent	
	• 1:1 lessons will require a parent present at the beginning	
	and end of a session. Parents are welcome to remain	
	present for the whole 1:1 session	
	TAs will also be on lessons where possible to monitor	
	behaviour and offer support.	
	• Chat functions will be set so the child can only chat with a	
	teacher	
	 Adults will be dressed professionally 	
	• Teachers will ensure that children are dressed appropriately	
	for lessons (uniform is not required)	
Providing and	• Ensure the children receive the same learning as those	Allocated teacher/

quality of remote	• Ensure the remote learning offer is on the website	
learning	 Ensure parent know the channels for in-school 	
	communication should they wish to feedback about the	
	remote learning offer	

Staff expectations

If staff are given permission to carry out remote learning activity from home, they are expected to:

- Dress professionally for any live lessons
- Be available to respond to children and carry out other work duties required from 10 minutes before the school day begins to 10 minutes after the school day ends
- Respond to messages received from children and parents within the working day about the remote learning on that same day
- Alert the DSL and senior leaders on the second day a child does not attend or access the work set
- Ensure children understand the behaviour expectations within a live lesson
- Only respond to a child or parent using a work email or platform account

Expectations in live lessons

- Both staff and pupils should work in areas of a neutral background when in the home
- Where possible, pupils should work in an open area rather than within their bedroom
- Pupils must be fully dressed for live lessons
- Staff and pupils' cameras will be on during all lessons
- In primary school, parents must be present at the start of the lesson for brief acknowledgement

- The school may record lessons for the purpose of safeguarding staff and pupils. If this is the case, lessons will be stored on the school rather than personal networks or equipment. Teachers do not have permission to circulate lessons or place them on social media
- The behaviour policy will be used in remote live lessons as it would be in school. Parents will be informed of any disruptive or inappropriate behaviour
- Pupils and parents do not have permission from teachers to record live lessons or redistribute them in any way. Any recordings that are made and circulated to others, including via social media, will be reported and managed under GPDR law.

Attendance

- Parents will be asked to notify the school if their child is unwell and is unable to access remote learning. In this case, the attendance code will remain X. However, teachers will make a note not to expect the child to attend/submit learning on this day
- Where a staff member leading remote learning becomes unwell, parents will be notified if this means learning will be sent or delivered by a different school contact.

Safeguarding

- Staff are required to alert the Designated Safeguarding Lead (DSL) if they have any concerns about a child's welfare during a period of remote learning
- The school will continue to engage with social services and attend meetings where necessary
- Any parent who wishes to raise a safeguarding concern should do this in the usual way via the school office who will put them in contact with the DSL or Headteacher
- The school will ensure that online safety is referenced regularly within a period of remote learning. Keeping children safe online is essential, further guidance on safeguarding and remote education can be found in the safeguarding policy
- Parents will be reminded of the need to ensure their child is only accessing appropriate content while away from school and that personal data is being protected https://www.bbc.co.uk/newsround/44074704
- Pupils are encouraged to communicate through the remote platform/school email system rather than by personal email. Where a child uses a personal email the teacher will ensure that any response also copies in the parent (or line manager if the parent email isn't available)

Health and wellbeing for staff while working remotely

- In addition to the many resources available on the HET Health and Wellbeing intranet pages, there is a specific section on COVID-19: <u>https://intranet.hamwic.org/health-wellbeing-for-staff/</u>
- Staff can access our confidential Employee Assistance Programme, via Health Assured, offering 24-hour assistance and support, 7 days a week. The number is 0800 0305 182.
- Able Futures offer an access to work mental health support service and can be contacted on 0800 321137.
- The Department for Education is providing additional support for both pupil and staff wellbeing in the current situation. Information about the <u>extra mental health support for pupils and teachers</u> is available.
- The <u>Education Support Partnership</u> provides a free helpline for school staff and targeted support for mental health and wellbeing.

Free school meals and remote education

Where pupils eligible for benefits-related free school meals are receiving remote education, school will work with our school catering team or caterer either to provide good quality lunch parcels or to issue a food voucher if available. This will ensure that eligible pupils continue to be supported for the period they are unable to attend school.

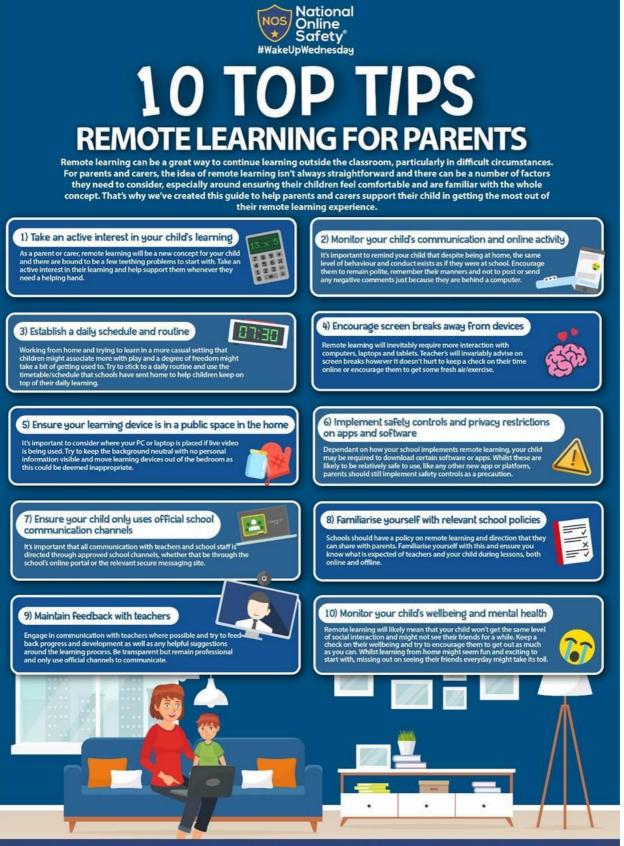

Provision for pupils with SEND

If pupils with SEND are not able to attend school and require remote education, the teachers are best placed to know how their needs can most effectively be met to ensure that they continue to access the curriculum. The school will put in place an appropriate curriculum, teaching and support that will enable the pupil to continue learning effectively. Some pupils with SEND may not be able to access remote education without adult support. Schools should work collaboratively with families and put arrangements in place that allow pupils with SEND to access remote education successfully. In this situation, decisions on how provision can be delivered should be informed by relevant considerations including the support families will require and types of services that the pupil can access remotely.

Remote education during a suspension or permanent exclusion

Headteachers should take steps to ensure that work is set and marked for pupils during the first five school days of a suspension or permanent exclusion. Remote education should not be used as a justification for sending pupils home due to their misbehaviour. Any time a pupil is sent home due to disciplinary reasons, this is a suspension and must be done in line with the law on disciplinary suspensions. This is the case even if they have been asked to log on or access online education while suspended. After a period of off-site direction or suspension, a pupil is expected to attend full-time.
