

What I already know...

I know how to catch a ball with one or two hands

I know how to use a racquet and ball together

I know how to strike a ball with a racquet

Throwing and Catching

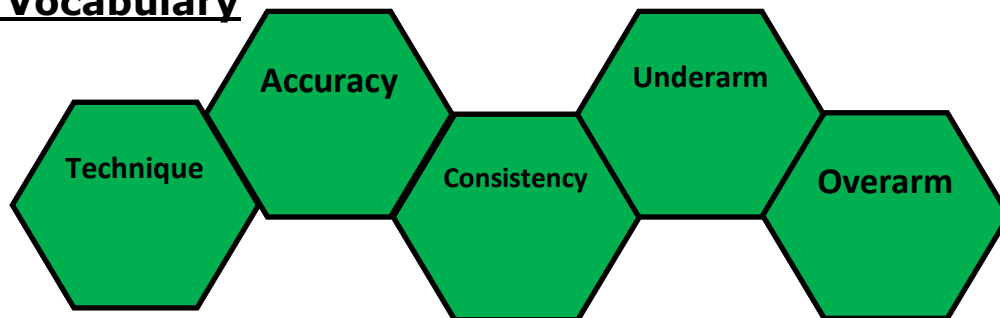

Children will build on their knowledge and skills of throwing and catching by

beginning to look at the techniques and teaching points, such as under arm and over arm throwing.

Children will make up games to apply ball skills with increasing control, accuracy and consistency for bouncing a ball, dribbling a ball, throwing and catching a ball.

Key Vocabulary

I will learn...

- ⇒ To show a range of basic skills (throwing, catching, dribbling, bouncing)
- ⇒ To be able to discuss the teaching points for these skills, e.g look at the ball before you catch
- ⇒ To begin to apply these skills well in a game situation

Learning values

Collaboration

Perseverance
