

What I already know...

How to record and playback an audio recording on a computer.

To frame an image and keep the camera still when taking a photograph.

How to use a digital camera to take a picture

Lights. Camera. Action,

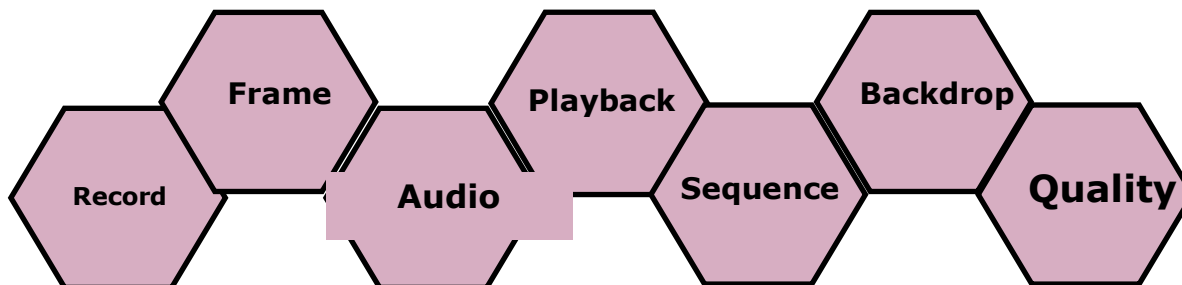

Children will continue to build on their multimedia skills, creating a group film based on their half termly topic.

I will learn...

- ⇒ To capture video
- ⇒ To consider the need to frame the image and move the camera carefully
- ⇒ To play back a video recording
- ⇒ To consider the background visuals and noise during recording and how this affects the quality of the recording.
