

What I already know...

How to access different tools on a paint program

I know how to make marks using paint tools on a paint program.

Minibeast editors

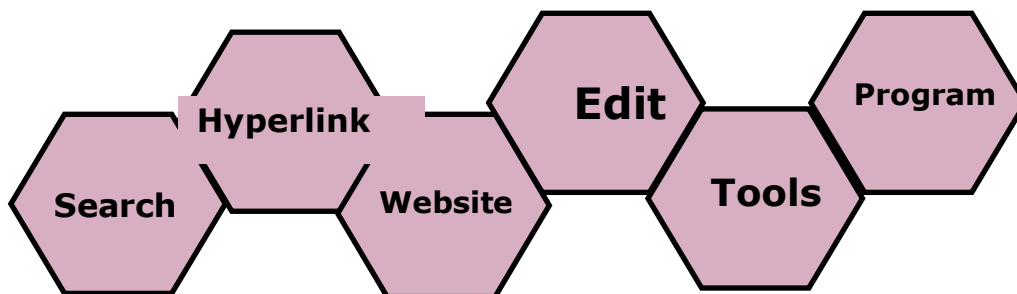

Children will begin to explore the internet by searching for pictures of their favourite minibeast using safe search engines. They will then be using paint software to begin to explore the effectiveness of editing.

I will learn...

- ⇒ How to browse the internet safely for images and information
- ⇒ How to use tools with more expertise and precision
- ⇒ To choose a range of colours to paint with on a program
- ⇒ How computers can be used for different purposes
