

# SING UP

Are you ready to bring singing in to your home and make everyone smile? For loads of great songs to sing follow this link:

<https://singup.cmail20.com/t/d-i-mttydtt-l-y/>

You will find some of our school favourites in there like 'One Moment, One People' and 'How Far I'll Go' as well as lots of new songs to learn. Each song has the lyrics as well as the music tracks for you to sing along to.

The songs are organised in to age-suitable sections as well as 'playlists' with different themes. There are videos for you to learn actions and there's even a 'suggestions' section for you to put in your requests! It is all totally free.

The 'Sing-Up' website has been bringing high quality singing activities in to schools across England for over a decade and it now has a 'Sing-Up at Home' section to bring music in to homes during lockdown.

So go on...give it a go!
