

# Rumble in the Jungle

This week we would like you to get curious and creative. Have a look at the activities below and choose what you'd like to try.

Have a look at a world map and find out how many jungles there are around the world. What are they called?

Can you make a Jungle animal mask?

Can you make a Paper chain snake?

Can you make Jungle animals using natural resources that you find on your daily exercise or in your garden?
