## 'Animal Conflict'

### Retrieval Questions with Rex Retriever

Rex Retriever will help you to go into a text and retrieve the facts.

Discuss with your child what sort of book this might be? Do they think it is a fiction or non-fiction book? Why?

The features listed below that tell us it is a non-fiction book:

- Contents Page
- Glossary
- Photographs
- Labels
- Captions
- Index Page
- Headings
- Sub-headings

1. Animals want to look for danger. Is this statement true or false?
2. How does a rattlesnake use its tail?
3. What does the word venom mean? Use the glossary to help you.
4. Can you explain one difference and one similarity between a king cobra and a mongoose?
5. What are the best territories?
6. Can you give an example of three animals that are social animals and live in groups?
7. Which animals live in female-led groups?
8. What do animals need to decide before they start a food fight?
9. What are the strengths of a lion and hyena?
10. How do male birds of paradise show off and put on the best display?
11. What does courtship mean?
12. Why do animals need to check if their partner is fit and healthy?
