

Eco Warriors 2023- 2024

Our new Eco Warriors had great fun meeting Ranger Claire from the Hawthorne's Centre in Southampton Common! We rose to the challenge of finding a place for our new Hedgehog House to live in the school grounds.

We needed to find a quiet, secluded place that wouldn't be disturbed by lots of children... not so easy in a big school like ours!

The children showed Ranger Claire our pond area and we had a walk near the Bug Hotel too. We thought near here would be an ideal place and the children put the house in its new home carefully.

Mr Lomath used his wildlife camera to record some footage of new visitors to the Hedgehog House. So far we have seen a squirrel, a robin, a blue tit and a very inquisitive white cat... but no hedgehog!
