

Recorder Lessons for Year 2s

Today your Year 2 child has had their first recorder lesson. Mrs. Clark will be teaching Badgers, Foxes and Beavers to play the descant recorder on Friday mornings throughout the year as part of the music curriculum. This will give children opportunities to deepen their understanding of rhythm, pitch and reading musical notation.

We have enough recorders in school for every child to have their own. These recorders are kept in school and cleaned thoroughly after each lesson.

Your child can bring their own recorder into school if they prefer, which will enable them to practise at home. Descant recorders can be bought for under £10 We will be following a book called 'Recorder From The Beginning Book 1 with CD' by John Pitts which will also be very useful for your child to have.

Both the book and descant recorders are easily available from online stockists such as 'Amazon' or 'ebay' or from Beckett's Music shop in Southampton.
